

11<sup>th</sup> January 2018

Dear all,

I wish to confirm that BYWS was selected as one of our preferred racking suppliers for DHL Supply Chain Malaysia after an extensive competitive regional tender held in 2017. The tender result was approved by DSC's local and regional management boards.

DSC will only engage with our preferred suppliers moving forward for racking and shelving

We have signed a Letter of Intent with them and will be shortly finalising a contract sign off

If you have any queries, please feel free to reach out to me.

Thank you

Happy new year!
